Prof. Mehrnaz Rasoolinejad, scientific chair of the congress, Tehran, Iran	Aim of the congress	8:45-9:15
Prof. Moselm Bahadori, director of the alumni office of Tehran University of Medical Sciences, Iran	Introducing the Alumni Office with its role in international seminars	9:15-9:30
Prof. Ali Jafarian, chancellor of the Tehran University of Medical Sciences, Iran	Interaction of domestic and foreign scientists in the scientific products	9:30-10
Prof. M. Bagher Larijani, Tehran University of Medical Sciences, Iran	Congress organized a joint assessment between Iranian and foreign scholars	10-10:30
Prof. Reza Malekzadeh, Tehran University of Medical Sciences	Report of two important new mutations as the etiology of fatty liver and early CVD death in Iran	10:30-11
	Break	11-11:30
1st session: Hypertension		
Chair: Prof. M.R. Zarrindast, Prof. M. Lessan-Pezeshki, Prof. E. Bodaghi, Prof. N. Firuzian		
Prof. Mahboub Lessan-Pezeshki, Tehran University of Medical Sciences, Iran	Hypertension, Overview, Diagnosis, Complication and Importance of treatment	11:30-11:55

Dr. Seyed Mansour Gatmiri, Tehran University of Medical Sciences, Iran	Hypertension and Education	11:55-12:20
Dr. Seyed Mohammadreza Khatami, Tehran University of Medical Sciences, Iran	RVH and Renal paranchymal Hypertension	12:20-12:45
Dr . Mohammadreza Abbasi, Tehran University of Medical Sciences, Iran	Treatment of Hypertension & Salt	12:45-13:10
2nd st session: Surgery(1)		
Chair: Prof. Y. Aghighi, Prof. Y. Mehrabi, Prof. T. Nedjabat, Prof. M. Farzan		
Prof. Kazem Amoli, Tehran University of Medical Sciences, Iran	Clinical aspects of sarcoidosis in Iranians	12:40-13:05
Prof. Mahmoud Matin, Beheshti University of Medical Sciences, Iran	History of gynecology and obstetrics in Iran and their evolution today	13:05-13:30
Prof. Yadollah Godarzi, Berlin, Germany	Tissue regeneration by local administration of autologous conditioned concentrate of thrombocytes in orthopedics and sporttraumatology	13:30-14

2nd day , Sunday, October 27, 2013

Imam audience hall, Imam Khomeini University Hospital

Speaker	Title of talk	Time
3rd session: Nanotechnology		
Chair: Prof. G. Khatami, Prof. K. Amoli, Prof. M. Nuri, Prof. A. Siadatpour, Prof. Y. Goudarzi		
Dr. Seyyed Mehdi Rezayat, Tehran University of Medical Sciences, Iran	Importance of interdisciplinary science in medicine	8-8:25
Dr. Jafar Aay, Tehran University of Medical Sciences, Iran	Tissue engineering	8:25-8:50
Dr. Esmail Sadrodini, Tehran University of Medical Sciences, Iran	The active role of biotechnology in medicine	8:50-9:10
Dr. Masoud Khosrovani, Tehran University of Medical Sciences, Iran	Treatment of brain tumors using nano- carriers	9:10-9:35
Dr. Maryam Zahmatkesh, Tehran University of Medical Sciences, Iran	Nanotechnology application in Neuroscience: opportunities and challenges	9:35-9:55

	Break	9:55-10:20
4th session: Disease and diagnosis		
Chair: Prof.H. Tajbakhsh, Prof. H. Borgheie, Prof. S. Massarrat, Prof. G. Tariverdian, Dr. S.M. Gatmiri		
Prof. Mohammad Hassan Kariminejad, Tehran University of Medical Sciences	The history and evolution of prenatal diagnosis in Iran	10:20-10:45
Prof. Gholamreza Khatami, Tehran University of Medical Sciences	Ulcerative Colitis in Children (Diagnosis and Management)	10:45-11:10
Prof. Mardawig Alebouyeh, Shahid Beheshti University of Medical Sciences	Advances in pediatric hematology and oncology in Iran	11:10-11:30
Prof. Reza Amin, Shiraz University of Medical Sciences	Differential diagnosis of asthma in childhood	11:30-11:55
Dr.Firooz, Tehran University of Medical Sciences	News in dermatology	11:55-12:20
5th session: Brain and Nerves		
Chair: Prof. K. Amoli, Prof. A. Taghavy, Prof. B. Babapour, Dr. A.Ferdosi		
Dr. Sallaheddin Haeris Nejad, Düsseldorf, Germany	New options for stroke prevention in non- valvular atrial fibrillation	12:20-12:45
Prof. Nossrat Firuzian, Recklinghausen, Germany	Primary and secondary central nervous system lymphoma	12:45-13:10
Dr. Mojtaba Miri, Tehran University of Medical Sciences	Brain Map	13:10-13:35

3rd day, Monday, October 28, 2013

Imam audience hall, Imam Khomeini University Hospital

Speaker	Title of talk	Time
6th session: Surgery(2)		
Chair: Prof. M. Matin, Prof.G. Pourmand, Prof. A. Siadatpour, Prof.T.Nedjabat, Prof.M.H. Mandegar		
Dr. Abbas Ferdosi, Bad Rothenfelde, Germany	Cardiac surgical therapy of atrial fibrillation	8-8:25
Prof. Parwis Massoudy, Passau, Germany	Aortic Valve Replacement 2013: Which therapy for which patient?	8:25-8:50
Prof. Iradj Fazel, Shahid Beheshti University of Medical Sciences	Development of Organ Transplantation program in a post revolutionary state in Iran	8:50-9:10

Prof. Yadollah Goudarzi, Berlin, Germany	The proximal open wedge osteotomy with an interlocking plate for the correction of moderate to severe hallux-valgus	9:10-9:35
Dr. Simin Vahidi, Amin Police University, Tehran	New surgical techniques in the treatment of female incontinence	9:35-9:55
Dr. Mohammad-Mehdi Hessam, Tehran University of Medical Sciences	Using Dipstik urine in urine bags	9:55-10:20
	Break	10:20-10:45
7th session: Cancer and stem cells		
Chair: Prof. N. Kamalian, Prof. M. Nuri, Prof. M. Alebouyeh, Prof.A.R. Mesdaghinia		
Prof. Mohammad-Sadegh Masarrat, Tehran University of Medical Sciences	Is regression of precancerous lesions in stomach possible?	10:45-11:10
M. Sc. Ahmad Biglari, Hamburg, Germany	Mathematical modeling of tumor growth and radiotherapy for meningiomas	11:10-11:35
Prof. Gholamreza Pourmand, Tehran University of Medical Sciences	Transurethral plus Transvaginally Periurethral Injection of Autologous Adipose Stem Cells to Periurethral Region for Treatment of Female Stress Urinary Incontinence	11:35-12
Prof. Alireza Ranjbar, Bonn, Germany	Molecular data and clinical trials of selenium therapy in oncoimmunology	12-12:25
Dr. Abdollahad, University of Tehran	Application of electronic components Based on silicon Nanvsies to diagnose colon cancer cells	12:25-12:50
	Break	12:50-14
8th session: Immunology and Genetics		
Chair: Prof. M. Moin, Prof. D. Daneshvar-Farhud, Prof. M. Mohraz, Prof. M. Hajabdolbaghi, Prof. D. Mansouri		
Dr. Sadaf Kasraie, Aachen, Germany	Dysregulation of innate and adaptive immunity in patients with atopic dermatitis: impact of IL-31/IL-31R	14-14:25
Prof. Gholamali Tariverdian, Heidelberg, Germany	Personalised Medicine	14:25-14:50
Prof. Minooh Mohraz, Prof. Mahboobeh Hajiabdolbaghi, Prof. Mehrnaz Rasoolinejad, Tehran University of Medical Sciences	Tuberculosis, HIV/AIDS in Iran	14:50-15:15
Dr. Javad Tavakkoly Bazzaz, Tehran University of Medical Sciences	Genomic Medicine	15:15-15:40
	Panel discussion	15:40-16:00

4th day, Tuesday, October 29, 2013
Imam audience hall, Imam Khomeini University Hospital

Speaker	Title of talk	Time
9th session: Medical Education		
Chair: Prof. M.H. Kariminejad, Prof. I. Fazel, Prof. R. Amin, Prof. N. Firuzian, Prof. P. Massoudy		
Prof. Fatemeh Nabavizadeh, Tehran University of Medical Sciences	Graduate Science Education of Medical Education	8-8:25
Dr. Behrooz Golchai, Gilan University of Med. Sciences	To design the first sharing information database in dermatology, a model for the transfer of knowledge and experience	8:25-8:50
Prof. Esfandiar Bodaghi, Tehran, Iran	Critical view of modern medicine	8:50-9:15
Prof. Seyyed Zia Tabei, Shiraz University of Medical Sciences, Iran	Self from Soul to Gene	9:15-9:40
Dr. Mohammadreza Seyyed Ahmadian, Tehran University of Medical Sciences	Lifestyle pattern for Doctors	9:40-10:05
Dr. Simin Vahidi, Amin Police University	Three-dimensional virtual laparoscopic surgery training	10:05-10:30
Break		
10th session: Psychology and Neurobiology		
Chair: Prof. A.R.Dehpour, Prof. A. Reissadat, Prof. A. Tagahvy, Prof. S.Z.Tabei, Prof. M. Rassolinejad		
Prof. Mohammad Reza Zarrindast, Tehran University of Medical Sciences	Neurobiology of addiction	11-11:20
Prof. Seyed Zia Tabei, Shiraz University of Medical Sciences, Iran	Advances in Psycho Neuro Endocrino Immunology and its importance as new paradigm in 21th century	11:20-11:45
Prof. Ali Groji, Muenster, Germany	The role of slow potential changes in the brain in different neurological disorders	11:45-12:10
Dr. Mohammad Tabatabai, Wiesbaden, Germany	Psychosomatic in the Context of Positive Psychotherapy	12:10-12:35
Dr. Mohammad-Reza Rezai, Kamen, Germany	Chronic tinnitus aurium, an interdisciplinary challenge	12:35-13:00
Dr. Saman Hosseini, Munich, Germany	Disorders of heme biosynthesis, clinical features and laboratory findings of prophyrias	13:00-13:25
Prof. Mehrnaz Rasoolinejad, Prof. Alireza Ranjbar	Close Remarks	13:25-13:50

5th day, Wednesday, October 30, 2013

Award Ceremony

At the Ebne-Sina Hall, Faculty of Medicine, Tehran University of Medical Sciences

Address: Pursina Street, Faculty of Medicine

Speaker	Title of talk	Time
Prof. Alireza Ranjbar, congress president, Bonn, Germany	Welcome	17-17:30
Prof. Moselm Bahadori, director of the alumni office of Tehran University of Medical Sciences, Iran	History of Medical Education in Iran	17:30-18
Prof. Ali Jafarian, chancellor of the Tehran University of Medical Sciences, Iran	Importance of Appreciation of Chosen at the University	18-18:30
Prof. Alireza Ranjbar, president of the international Prof. Yalda academic foundation in medical sciences, Bonn, Germany	International Prof. Yalda Award in Medical Sciences in categories: <ul style="list-style-type: none">- Junior Scientists in Medical Sciences- Innovation in Medical Sciences- Social Responsibility in Public Health and Medicine- Culture and art- Outstanding Professors- Medal of Honor	18:30-19:30
Prof. Alireza Yalda	Appreciation speech	19:30-20:00
Prof. Hassan Hashemi, Minister of Health and Medical Education	Close remarks	20:00-20:30
	Dinner	20:30-21:30
